TICKET INVENTORY LOG

INVOICE DATE	GAME NUMBER	PACK NUMBER	ACTIVATION DATE	ACTIVATED BY	SWEEP DATE	RETURNED DATE

* Remember to utilize the FIRST-IN-FIRST-OUT (FIFO) method when activating tickets so that the maximum amount of time is allowed to sell the tickets before you are charged for them.

* Sweep date of tickets will appear on activation slip upon activating the pack UNLESS your account is on ISSUE based billing. This billing type allows retailers an average of 30 days from issue to sweep regardless of date activated.
